	Choose basic when... - The customer needs straightforward Teams Rooms functionality - They're getting started with Microsoft Teams Rooms - Advanced AV and management features aren't required	Choose pro when... - The customer is deploying at scale - They want intelligent audio/video features - They need advanced device management and analytics - They need richer room experiences such as Front Row or dual screens - They want Teams Panels within the same room licence

Every Teams Room needs a Teams Rooms licence.

More than 25 Rooms?
Pro is required for additional rooms.
